Dear Mr. Steele,

I am writing to acknowledge that the Workers' Safety and Compensation Commission (WSCC) is in receipt of the Review Report 24-252-RR and its recommendation as it relates to the Access to Information and Protection of Privacy Act (ATIPPA) complaint.

The WSCC accepts your recommendation to the effect "that the WSCC confirms that it has placed in the Complainant's claim file the statement that was agreed upon in correspondence dated January 29, 2024, between myself and the WSCC's ATIPP Coordinator (see paragraph 29 above)." The WSCC will implement the recommendation in its entirety.

Furthermore, the WSCC commits to educating its Claims staff on the necessity of strict adherence to WSCC Policy 7.04: Personal Information Privacy Protection and to be more cautious with respect to requests of medical records from claimants.

Regards,

Hon. Margaret Nakashuk  
Nunavut Minister responsible for the Workers' Safety and Compensation Commission
